Please mail a check for your team entry (max \$20) to:

Ocean Shores/North Beach Chamber of Commerce

114 E Chance a La Mer NE Unit 100, Ocean Shores, WA 98569

### How it works and what you need

The theme for this year: ***Creature Castles*** – There will be an award for the sand creation that best represents the theme. There will also be an award for the group that has the most fun.

Each team will be given a 15x15' square area to work with. We will provide a 5- gallon bucket for carrying water. 5 people can be working at a time.

Only sand, water, shells and other natural beach materials found on the beach that day can be used for construction. Forms can be used in the construction process but can in no way support the final structure. Hand tools may be used but use of power tools is not permitted. This is an amateur competition, professional "sand artists" are disqualified from winning prizes.

This is a family event and we ask that your creations be done with respect to the community.

### Schedule on the beach

**Friday Noon-5pm** - Form Finders will be building a sandcastle. You can visit from around noon-5pm to talk with the team and watch them build.

### Saturday

**9:30am-10:30am** - Free sand castle building workshop

**11am-2pm** - Sand castle building Contest

**2pm** - Judging and awards – on the beach

### **About Form Finders**

Form Finders is a sand sculpture team headquartered in Olympia, WA. Our team members hail from various parts of Washington and Oregon and come together each summer to find the hidden treasures just waiting to be carved out of the sand.

Form Finders was founded in 2008 by Jim Butler and Amos Callender. Originally, Amos and Jim worked as a duo, and then decided more fun could be had with more people! Throughout the years, the team has won many regional awards at various sand festivals.

Our team goals include sharing the fun and creativity of sand sculpting with the public. You'll see our team create custom sculptures for events, both private and public. Jim also coaches at festivals around the country and internationally. Come join the fun!

### **How to get to the beach contest site**

To access the beach, use the Chance a La Mer entrance next to the Shiloh. Once on the beach, the activities are to the left of the poles (south). Cars are not allowed past that area, but cars allowed to the right (north).
